Hi Yana,

I'm writing to you regarding something [REDACTED] said today.

Well, she said ass hole in Chinese today when we were talking about body par=s. It was nothing wrong with the word but it is not a nice word to say and i= is not a word you will use in public ever as the word [REDACTED] used for ass h=le is very informal. A very well educated Chinese person wouldn't use that word and it is not a word I w=uld teach the youth in my class.

It is good to know different ways to say something in Chinese but the little=ones are still too young to judge which ones are good and which ones are no=. They will just copy and repeat.

I've told [REDACTED] not to say it again to any other Chinese speaking people. S=e agreed but I'm not sure if she really understood me.

Kind regards,

Haiyang
