**Subject:** update

Hi Tyler,

I've updated the websites with new content and will send you another press article tomorrow. Am also updating the YEXT account-- which automatically updates all of the business directories. (we are in about 50 of them). Could you review the below?

- \* update on the .NET site?
- \* can we use the tumor growth piece for a feature article? Should I make it longer?
- \* what is your strategy to boost the .org/ science/ usvi/ foundation sites?
- \* question: does it help to have advertising on the blog and forum? If so, I can set this up easily with blogger.

Thank you!
