The funny part is - my new friend Maryna (the smart one) kept telling me th=t she wants to set me up with her friend Cyrus massoumi - we are having bru=ch today. And looks like he is friends with Jason (another friend of maryna=was with us last night and he said "oh you are the [REDACTED] I have heard ab=ut from maryna". Then he texted maryna that he doesn't have a chance cause I=am with Jason) hard to be so popular
