Subject: Flight Check in...

Hi █████ and █████...I would strongly encourage you to =lways check in to your flight before you leave for the airport...a
=ood habit to get in to ...you can even do it from your cell phone =nd get your boarding pass on your cell...This way the
airline =ill (HOPEFULLY) not give away your seat ...it's not a =uarantee...they still want you at the airport, but it would
help =or sure. It shows them you plan to make your flight.

I would not check in the =ay before the flight because (as you know) things can always change, =UT once you are getting
ready to leave for a flight, you are pretty =uch guaranteed to be taking that flight.

You can download the airline apps and =ind the 'check in' area...it will be easy and =t's paperless!

Last night had me worried you two would not get out! =nbsp;...and the snow is coming down! 5" already in =T ... it is not
stopping until tonight!...I'm glad you =re in sunny PB! :) Lesley
