Subject: Fwd: Pole construction

Is Saturday acceptable to begin work on GSJ pole for antennas. Is Tuesday July 5th more logical so they can work 3=4 straight days and finish?
Please advise on preferred start date. Thank you.

Good morning Jermaine

&=bsp;

Please note that we plan to start construction activities on GSJ this Saturday. George will contact you to make arrangements to have the barge available to take over the construction materials and workers.

&=bsp;

Please let me know if you have any questions.

&=bsp;

Thanks=0:p>
