Greetings Sir,

I spoke with Mr. Kalloo as you requested, reiterating your request for the site visit to expedite the GSJ Minor permitting that will allow you to erect the Quonsets that are sorely needed to secure the equipment for this hurricane season.  
=br>

Mr. Kalloo confirmed he received my email concerning Director Oriol's permission and your invitation for a site visit to GSJ, and he promises he will communicate with Director Oriol and update us on Monday with how he will proceed.

Respectfully submitted,<=div>

Daphne
