Good morning, Brad. I am out of the office today. I will forward background=on the 401K discussion shortly but after speaking with Leon late last week=I submitted 401 K setup to our HR provider without matching. We elected to=make safe harbor contributions to our non highly compensated employees onl=. I will see if I can adjust but notices were to go out today. Do you have=time for a brief call on this subject?

Timber-We will nail down cost basis on timber precisely but upon checking l=st week with Rich D. I communicated to both Jeffrey and Leon that although=sale of this interest will yield approximately \$16mil, we have received \$2=6 mil in distributions since inception and therefore gain/loss in the sale=will be minimal.

IT-We are sending 30 day notice today to our current IT provider. Rich spok= to the chosen new service company yesterday afternoon and verbally negoti=ted terms of their original proposal we wanted to change. Contract should =e coming to us today. I participated in the interview process but Rich J h=s been most hands on and we are going with his preferred choice.
