It's a custom config / build to =rder (not available in stores).

I had Zorro & Palm Beach carts saved at [http://store.apple.com/us/cart/saved\\_carts](http://store.apple.com/us/cart/saved_carts) with the =achine configurations. I just updated those carts to include the =ransfer cable sets (to avoid Jermaine type problems) as well.

is apple machine that you configured sold in stores? or must it be custom designed online?  
please advise  
thanks
