Yes, thank you for helping make it fun! Lets make more.

Sent notes last night to a few people that I saw briefly yesterday but wanted to spend more time with, like Boyden,

I will come up with some dates for going back, send these to you, Joi, Martin, etc...

Jo-cha is real find!!!! His intellectual framework is rigorous and a little rigid, so important for him to work on keeping it flexible and open. Things like the random discourses into areas that he does not know like economics are useful because it helps to understand how he thinks. It is good that he is in a good place surrounded by bright people, rather than dogmatic-types, which would play to his minor weakness. People with minds like this are rare.
