Stephen,

I've presented y=ur options and will be discussing with the bank today. In order for t=e bank to complete any transaction they have to complete their "kno= your customer" due diligence so the first question they're going to ask when I speak to them today is, "who is=the buyer". Could you please send me the link to your busines= website or give me as much information you can about the aircraft you◆=99ve owned in the past and general information about your financial position and where the funds for the purchase will be coming from.

Thank you for your unde=standing.

Mr. Hanson,

I have communicated you= offer with the bank and they are willing to accept an offer of \$19m with t=e 144 month as part of your prebuy inspection. If this acceptable ple=se let me know.

Additionally, I have searched N343DF and that registration is with a 2015 model Global 6000 that delivered in December 2015 to Derwin Acquisitions LLC in New York. Is this your company or perhaps is your Global 5000 a different tail number?

Thank you for your interest and I will look forward to hearing from you.
