Dear Dan,

Great to see you today on Sky=e - hopefully, next time it will be "live" here at my home pract=ce studio. I'm digging away at the Amusia chapter as you read this...<=div>

Heartfelt thanks for agreeing to join the Advisory=Board of The Institute for Music & Brain Science. The past 2-3 years w= lost two founding board members - David Hubel and George Martin - so I an= the rest of the Board are most appreciative that you will help to fill th=t gap - on both the science and music sides.

Chee=s,  
Mark
