Subject: Fwd: GSJ LSJ

sounds like he did nothing and is now telling them next =riday deadline

should i press him =nd ask him for what he sent vendors to bid on or pass?
please advise
thank you

Bryan?

thank you
can russ electric bid everything including what you originally were quoting from Denny

please advise
thanks

I sent the revised one-line diagram, revised switch specs, and new step up transformer specs to WAPA for approval. I have also had a conversation with, and sent the one-line drawing to, Jim Bourgoin of Russ Electric. Russ Electric is the company that did the switchgear on LSJ.

I expect WAPA to provide me with the approval shortly. Once approval is granted we can then source the switch via bids or direct request for quotations.

I expect to have a call with the team from Russ Electric shortly to firm up plans to add the breaker needed to run the feed to GSJ.
