Thanks for your time yesterday. It's always good to see you.

Give me a few days and I'll put together some of the things you asked about as well as a write up on some of the other things we discussed.

This will be including but not limited to :

key man provisions (actually already in PPM I'm told), why risk and returns should materially increase in the coming quarters, and a summary of strategies in the portfolio including a write up on some that will materially benefit from a higher vol, crazy environment

best regards

ari
