Jeffrey

I interviewed Elaine Kraus this morning as possible pilot candidate from Jet=Professionals. (SHE flies GIV for Larry Morrison's company in PBI, don't thi=k she is a fit for us.,

Matt and John are two other candidates I'm trying to schedule to fly this mo=th.,but are busy flying this month.

I'd like to try Alex Barnych this week if you approve, he's a current PIC 50= hour G450 pilot. Great personality, I met 2 years ago during GIV initial t=aining.

Younger guy in his low 30's age wise. Former commuter airline guy as well. = Should I send Dave home when we arrive in NY tomorrow?

If you elect to have me test flight in GIV after Pete swaps parts, I could f=y with Alex.

Should i use Alex this week?

Thx,
Larry
