Subject: See you on Oct 13th at TTConf Jeffrey!

Hi Jeffrey,

One of the hottest events of the year kicks off on October 13th and 14th in Palo Alto, CA - and YOU'RE INVITED!

The Transformative Technology Conference is the epicenter of the technology for consciousness transformation and wellbeing movement.

The speakers, attendees, and exhibitors are literally the who's who of the space.

I've just totally hooked you up with a 50% off ticket, but you have to claim it soon because there are less than 100 tickets left for the event and each year it sells out about this time (a week or so in advance)!

>>> Click here to claim your half-price tickets.

>>> <<<

Highlights for this year include:

- * Investors representing over a QUARTER OF A BILLION DOLLARS of capital they are looking to invest in project and companies in the space will be speaking and present at the event, they include: Bo Shao, Ariel Pooler, James Joaquin, Hamet Watt, Avi Yaron, Joe Hudson and many more...
- * Groundbreaking speakers including:
 - * Mary Lou Jepsen will discuss her personal fMRI/telepathy project
 - * Lew Lim will cover his revolutionary photobiomodulation device for the brain
 - * Jenova Chen the legendary video game developer and pioneer of flow in video games will discuss the leading-edge of emotions and gaming
 - * Michael Oxley will demo his new foc.us device, the first truly mass-market multichannel device that both reads brainwave and stimulates brain activity
 - * Rollin McCraty will outline and demonstrate Heartmath's latest research in HRV effects between people
 - * Derek Luke will talk about InteraXon's revolutionary new EEG sensing eyewear
 - * Zoran Josipovic will provide an overview of the latest findings in the neuroscience of higher levels of consciousness
 - * Beverley Rubrik will cover the bleeding edge science of psychotronics and its applications for TransTech
 - * Nichol Bradford will provide her annual updated overview of the TransTech space and marketplace
 - * Amy Blankson and Joe Burton will examine the intersection of TransTech and corporate wellness
 - * Phenomenal meditations from the legendary Anna-Lisa Adelberg and musician Laura Inserra.
 - * And much more...
- * Awesome exhibitors with mind blowing experiences

- * Get hands on with the foc.us' revolutionary new multichannel EEG/stim dev kit.
- * Experience the power of group HRV synchrony with Heartmath's latest shared experience project
- * Get some serious neurogenesis happening with the VieLight Alpha and Gamma
- * Attain advanced states of consciousness with the Dream Spa light and sound experience
- * Give your body the nurturing healing it wants from a full-size on site infrared spa
- * Feel the heartbeat of your fellow participants with Subpac's personal subwoofers
- * Check out the latest and greatest makers in the space, try out their demos, ...
- * ... and so much more!

As always, it's another can't miss year! And you can see it all for half-off the regular cost of admission with the link below:

<https://transtechconf2017.eventbrite.com?discount=JefferyFriend>

This year's event will be held at Sofia University in Palo Alto, CA (the heart of Silicon Valley) from 10am to around 7pm, October 13th & 14th, 2017.

It's right around the corner and it will SELL OUT!

You can see the full conference website, video from previous years, and more at: <http://ttconf.org>

See you soon!

Much Love,
Jeffery
