Subject: Online Cryptography class: farewell

Dear jeffrey epstein,

We are at the end of the Crypto I course. Students who completed the homework and the final exam will see their Statement of Accomplishment on the course records page <<https://www.coursera.org/account/records>> . The second half of this course, Crypto II, will begin shortly where we will discuss more core topics such as digital signatures and key exchange as well as more advanced topics including zero knowledge and cryptographic protocols.

Looking forward to seeing you at a future course,

Dan
