Hi Jeffrey,

As I thought, Narrows Holdings LLC did not use any of the money from the Bank of America line to pay for the Veronese (purchase price GBP 15.4 million/\$23,492,700 was paid on 9/24/15).

The Bank of America line was increased to \$565,000,000 from \$495,000,000 on May 1, 2015. Narrows Holdings LLC used: (i) \$3 million from the line to make the first installment payment on the Picaso on 5/12/15, (ii) \$34.5 million from the line to make the second payment on 6/30/15, and (iii) the remaining \$1.5 million (plus additional funds not from the bank line) to make the third payment of \$23.5 million on 9/30/15.

Please let me know if you have any questions.</=:p>

Thanks,

Heather
