[REDACTED] mentioned you told [REDACTED] she could renovate her apt at [REDACTED]. She is currently staying in [REDACTED] which we are switching out next week for apt [REDACTED]. [REDACTED] has a renovated bathroom and kitchen that Anthony did, so that's all nice and new. The paint job is good, just an off whitish slightly cream color, and the floors are a brown parquet with a gloss finish which look like they've been recently refinished. I would defiantly replace most of the furniture from [REDACTED]. Is that something you want to let [REDACTED] choose, or should I take care of?
