Is It Real? <=r> Thursday, May 7th, 6:30–8 PM

Is It Real? take= you behind the curtain of the art world to examine the role science is p=aying in authenticating art. Whether works of art are “right”=or “wrong” has significant consequences in today’s art=market with potentially billions of dollars at stake. More forgeries appe=r on the art market every day, with complex legal cases making headline=. Is It Real? will give the audience a first hand look at what h=ppens when the worlds of art and science collide. Masterful works by Basq=iat(?) Warhol(?) Pollock(?) and Haring(?) will be on view for you to deci=e what’s real and what isn’t.
