Subject: flag pole stairs
Attachments: 110529141326-001.pdf

=BODY> =DIV>attached stair =lan
=DIV>
=DIV>the stairs comming down at the =op are as directed =DIV> =DIV>but the steps down to the =lanter are not centered on the planter they are off by 22" south of the =lanter centerline(we can't move north and still align with the wall =ext to the building,could move planter south,it's now the same off the =ool as the shelter) =DIV> =DIV>direction?
=DIV>
