Jeffrey,

I believe we should make the R/H (aft =f your seat) baggage trunk tray 18" wide – NOT 20" wide.=nbsp; I like the idea of whatever sits in this to be outboard of the arm rest so you visually "find it" when you enter the cabin as=opposed to it "visually competing" against your set.

It will be 32 long and centered on the=window in that area and leave approximately 10" or so of space betwe=n the tray and the divan arm rest.

Do we have your blessings?<=span>

Best Regards,

Eric
