Summary of my work for the last month: Jan 15 - Feb 1=:

- * created a new international website. Fully optimized.
- * published 5 press articles
- * edited 11 articles for Reputation.
- * upda=ed 7 websites with 14 more pages of content in total.
- * updated google's search optimization =or all 8 websites.
- * general correspondence and monitoring of Reputation's work.

=div id="yiv1765012965yui_3_7_2_17_1358796185412_80">Results:

national: 1 negative listin= in 3rd place.

I've seen no improvement in the local results in th= last month. In fact, it's worse in the last week. I'm doing everything I =an to boost the websites but the local press easily dominates.

Moving forward:

I'm finishing up with c=ntent for the forum that Jeffrey sent me. After that, I don't think it =akes sense for me to continue as is. The progress on the national front is=good. But not the local.

So,

1. I either stop entirely.
- 2= Or continue to boost all websites regularly at 1/2 salary-- concentrating=on directory listings. Press releases are expensive.
3. Suppleme=t the above with a proposal that I have to present on deciphering signal c=ll intelligence.

Thank you for your thoughts,</=iv>
