i already went to equinox for a consult to meet people but can't afford the fucking membership now. i have gathered other options - which=i explore at night after work is done. i was going to go back to next agency again and talk to your friend next week. but i am wary of this.= i don't know your life and i don't want either of us in trouble=

not being able to talk to sarah was not what i agreed to= when i was at your house. as a business woman i want and have to be efficient. this is a side project. and i have better things to figure out=

my life sucks right now. i am sad and poor and scared= and embarrassed of being single again at 40 with a struggling start-up.=AO

i'll do what i can for you for now an= see what i can dig up for your feb return. not b/c i don't want to=disappoint you. just because i have already invested energy and it would be stupid to not pursue it now.

just keep your money. dont buy a table yo= don't want.

they are the few assets we have and our time is so crunched -i'd rather put my heart into the piece for someone=who was actually going to own it and not have to lie to my biz partner. =AOi would lose money if i made the table for you and spent so much time doing this too.

if you decide i can talk to sarah, then we can change the way this all works out for both of us.

so you won't put it in your foyer b/w th= chairs if we make it for you? It's an arduous process and the tabl=s are one-offs. Are you saying we should stop planning the build for y=u?

if you want to help me and send me money, great. i can ev=n give you a real revenue note - we had legal docs drawn up.

but if you want to help me with alternative terms then =ow you need to say if i should keep going or not. i need to keep the bu=iness separate from this. it's important. and smart. and i have = partner.

words. yes. but i am not like other p=ople. i'm admittedly confused by ambiguity and weird punctuation. But =ometimes i say something good.

i have someone. first , you said for when=you were back feb 13 so that was what i was working towards. stop be=ng oblique and blaming me for it.

the last time i apologize for - in part - i spent about 20 h=s doing SEO with AI and doing stupid grammar changes on your website for n=thing.

i put up with your inaccessibility and your fickleness. i will not reh=sh this with you again.

you are waving the pr=mise of money and ease of life in front of me. i'll have these things =o some extent with our without you. but i'll only have you WITH you=

and quite frankly if your opinion of me is based on my follow through =n this, then fine. if you don't look at anything else about who i a= or what i do and actually appreciate, value or acknowledge anything else =n the rest of my life, than what are we?

if you want me to drop all that i have done so far on t=is, fine. and you can even retract your (previously unrelated) commitment =o own a beautiful piece of my work if you want to.

but if you=want to have any kind of agreement, then we work together to get you the b=st result and make you happy.

i may be one of the only other trustworthy women you kn=w who would do this for you with any long term quality and not give a shit=about ego, implications, etc.

but i do require tr=st and respect. and for you to realize that you would be more effective=if you were actually not testing me but enabling me to help you.

i love you, je.

i know this concept is=foreign to you, so i don't expect you to return it or get it. no. i do expect that you get it.

ps.=A0

i making another email for these convos even though it's stupid b/c i c=n't hide any ip info or routing stuff. but anyway. i am making a=other me. i'll be like Amber something.

please don't speak to me like that.=

understand this is 100% separate from any =able sale. i have a business partner who does our finances and we are l=unching a working start-up.

you'll hear from me from a dif=erent email next most likely....but threaten me again (in such an ambiguou= way) and i'll stop teaching you about how to have an actual friend.=A0

plus, =our punctuation is abysmal.
