Dennis is stubborn, he told Taylor that accomplishing a Gulfstream factory 72month would ease a prebuy to a buyer,. When we first started our negotiations I mentioned a lower price would be possible with reduced prebuy requirement, that's how we ended up at 6.1M with WiFi included. As time progressed we kept adding to the prebuy to maximize our purchase with same price of 6.1M,.

Dennis is trying to save face with Taylor in my opinion, this is the message I just received from Dennis:

Larry,

You told me 6.1 with the items listed on the contract I gave you yesterday and that is what I told him the deal was this morning, no way I would go back to him with the proposed deal you just gave. He would tell me to tell your guy to go locate another plane..

You can do everything on the list below for 6.5 or you can sign the contract I gave you yesterday and buy it or you can go buy something else.
