Running late. Shooting for 5 pm. Will keep you updated. Also the dept chairman found out I was planning to do the excision today at the patient's home (because my assistant was gathering the equipment) and said if I did it there I would be sanctioned. Ridiculous!<=span>

Good morning Dr. Ting...Jeffrey requested I tell you he has a small fat cyst he
would like removed from his upper shoulder today...hoping you will be able to come by...if you need to come later than
5pm, say 6pm or so, that should be ok as well...just let me know timing once you can determine your schedule.
