In the process of putting in the Ne= part for the shower Danny E. noticed a small extender for one of the handl=s were missing/not in the box. The Company mailed out the part on 9/11 Daph=e requested the tracking # today but no response. Sylvester said CB2 shower=floor will be ready tomorrow afternoon.

They=were unable to pull the fiber straight through because of some unknown bloc=age half way through to Blue Beach so Danny ran a new conduit where the blo=kage was. They will run it straight through tomorrow morning.

It's been really windy at the Main Compound so they took th=m down, I asked for them to be spray over before they put them back. They w=ll be put back first thing in the morning.
