Subject: RE: Fwd cabin door

Just finished a preliminary engineering design review for the fwd cabin pocket door and the lavatory door.

Good news - I am confident that we can accomplish the door changes you have requested.

With regard to the jog at the avionics rack / fwd lavatory, that will most likely have to remain. We "may" be able to slightly diminish the jog at that area, but until we can physically scrutinize the area, there is no way for me to identify what we may be able to do and the associated cost.

Let me know when I should start working up your proposal....

Best Regards,

Eric
