Terrence is clearly playing games with his pricing.

Hi Rich, Go to Ruckussecurity.com <<http://Ruckussecurity.com>> they are a Bigdog dealer like myself. Fir=ware prices is dependent on what you need the radio to do.
You ca= always find products online for a cheaper price, but warranty, support and=upgrades become a issue because you didn't buy it from a authorized dealer.= I'm not going to go back and forth on this Rich. If you want to=purchase one and have me just install and configure it. I will do tha=, but I won't support it and if it gives problems and I have to go out. &nb=p;That won't be included in my service fee.

Regards,
Terrence Rabsatt

Yes we are using Ruckus, and that is=the basic unit correct. Once again you have to add the premium support and upgrade the firmware. If you have any other questions feel free t= contact me.

Good morning,
I sent out a email this m=rning but looks like it didn't go and it's not saved, anyway.
LSJ=gym link went down again this morning around 5:00am, I did mange to get it b=ck up quickly. I will continue to monitor closely since it is very un=table right now.

After yesterday I think it's best we purc=ase some SMX3000RMLV2U +(1)SMX120RMBP2U. it's a combo ups that can give us 6=8 hours of backup power. I also looked into the solar panel backup unit JE a=ked about and Im going to prepare a quote for both today and present them f=r your review and approval.

Regar=s,
Terrence Rabsatt
