I see Merci mon cher

this first paragraph is fantastic because it is made =n a narrative style . but passages have little=connection...it all sounds a bit haphazard

but havent you=open the newest version (its enclosed now) ? Its all about being an attorn=y, completely different. it forgets about UN.

What do you think of the green passage? its in a document together =ith all other paragraphs

If I push hard on t=e envelope of my future images <=SPAN>I can see myself being an international attorney. I will defend my clie=ts and doing my job right I might actually change lives of those affected =hich is more than simple cheers from the crowd. I know that this work won'= be monotonous and it will be as exiting as sports. Debating in a court is=a competition of ideas, the search for and exchange of compelling argume=ts. Their presentation needs skills and practice not unlike sports trainin=. At trial small changes make large differences like in sports tiny errors=in technic might lead to a tragic injury. Both the legal system and the sp=rt world look backward to precedent, though in sports we talk about brea=ing one's own records as well as the world's best. I visulaize mys=lf doing both. I will be arguing cases being prepared for u=know, facing new challenges and following the rules of the game, =3B pushing the extremes and this time in legal world. Being that competitie=e, dsicplnied and always applying technics from my very childhood I beli=ve that law will enable me to do ingtelligeclay what snowboarding has enab=ed me to do physically.
