Jeffrey,

I spoke to Paul Suarez from Gulfstream, he informed we no longer can install car receivers legal sign offs now,. Remember Paul is gulfstream Savanah Avionics now, he his closed minded to car audio now,. He did advise the our dual, 1kva converters have adequate power for our outlets, if we elect home receivers with bigger power demand we'll have to look at load analysis and possibly install "reconditioned converters, I told Jay at Eric shop, I see no reason to look at overhauled converters, I install overhaul flight critical parts all the time on the gulfstream,

Eric and Jay should have quote soon,

Thx
Larry
