The Dubin Breast Center is pleased to announce its newly formed partnership with esteemed contemporary art auctioneers PHILLIPS. The Center was chosen as the recipient of a benefit sale of selected works of art within the November Contemporary Art Day Sale, taking place on Friday, November 14th. We are grateful to PHILLIPS for offering the platform upon which our important initiative is supported and we are honored to collaborate on this initiative.

This benefit sale presents an outstanding opportunity both to raise funds for the Center's important work and to showcase the talents of the artists represented in the auction. Proceeds from the sale of works generously donated by supporters of the Dubin Breast Center will directly contribute to the lifesaving services and industry-leading research that are the hallmarks of the Center. The entire sale catalog is available to view online with the Dubin benefit sale pieces encompassing Lots 248-267
