.1%

total cost 182,600 provided we prepay for all

unfortunately information originally presented by Larry on 4/20/2017 was not accurate (see bottom of attached email chain) as larry inferred that Syn Vision \$700 and CPDLC \$300 were included in Flight Safety pricing

larry is eager to get dave and bill started on training and securing slots

i am unaware if Simuflight includes these two additional costs and note that Simuflight is 40k for G550 initial yet recurrent for GIV is not clear (i have not spoken with vendor as larry is very firm on using flight safety)

larry mentions that flight safety is more rigorous and fails people however when i spoke with gregg he said failing is rare and it could be hard to fail dave knowing he works on Larry's team

please advise if ok to proceed and with or without extras as per pricing below or shall i call simulflight to obtain an accurate picture of cost differential

Jeffrey asked me the difference between FSI FlightSaftey and =AE Simuflite training, since its a \$20k difference between =schools.

FSI is a more Regimented and Harder to pass a pilot with lower than average skills, FSI would not offer a Type Rating class to Nadia due to her experience level. I've seen 3 pilots in my classes held back for more training, I've trained the past 10 years at FSI,. Dave attends CAE,. It's time for all of our pilots to be tested properly. It's the difference between Harvard and a community collage.

Here is what I come up with total training, pls advise if approved?

Definitions:

CPDLC = Controller-Pilot Data Link Communication.

Syn Vision = Synthetic Vision.

HUD = Heads Up Display, included in G550 initial training.

EVS = Enhanced Vision System, Included in G550 initial training.

Hi Larry,

Congrats on the pending purchase on the G550 and thanks for =our email.

We'd like to amend the proposal =e sent to you on February 3rd with the following special Two Event =rices for 2017:

TWO EVENT =GREEMENT

Gulfstream G550 Initial with G550 =ecurrent for the same pilot within 13

Gulfstream G550 Initial with Bell 430 Recurrent =or the same pilot within 13

As discussed, we don't offer G-V with G550 differences and =nly offer G550 training in our G550 sims due to safety concerns based =n discussions with GAC, our customer advisory boards and =customers. The prices above will cover the "type specific" G550 =nd Bell 430 training.
