[REDACTED] managed to convince me that you are ok, so unless I hear differently I =m going to listen to your last words on the phone and do as you tell me to=do and wait here. However, you are my number one priority and more importa=t than anything or anyone. I am a phone call away and a flight away and ev=n if you change your mind by morning I can come in the afternoon. Nothing =lse matters as much as you do...nothing. You are my priority, have been fo= the last couple of years and will continue to be.

I was considering not telling you as I had a feeling that yo= would tell me to go on Friday and that means leaving you, but then I coul=nt not tell you.

Also [REDACTED] said you said it was the actual weddin=, it is not a wedding. They just had a party planned for Friday night that=they were going to cancel in case she didnt make it through [REDACTED] th=s week, she made it through but [REDACTED], so [REDACTED] want to use this Friday to celebrate their upcoming marriage wit= their friends, cancel the wedding altogether and just get legally married=with no celebrations (however [REDACTED] people do that). So this will be her =nly social gathering to celebrate. [REDACTED] seems to want to 'close the de=l' asap, at least we now know what gets guys moving!
