Good morning Richard,

Thanks very much for utilizing our charter =ervices. I understand from my colleague, Brad Greiner, that you =ay consider membership in our HeliCard program. HeliCard =embership does offer you guaranteed availability and reduced pricing on =ome trips. Here is a brief summary of our operation:

* Founded in 1998 – over 30,000 accident-free hours of =peration. The HeliFlite fleet features Bell 430 and Sikorsky S-76 executive helicopters. All are Category A certified twin-engine =elicopters, capable of single-engine

flight. Each aircraft is equipped with a Traffic Collision Avoidance System (TCAS-1), Electronic Flight Instrumentation System (EFIS), and a Global Positioning System (GPS). Aircraft are maintained to FAA and manufacturer standards and we put forward the following certifications, endorsements and awards: ARG/US Platinum, Wyvern Wingman, NBAA Commercial Business Safety Award, HAI Platinum Safety Award, FAA Diamond Maintenance Award, Eastern Region Helicopter Council: Fly Neighborly Award.

25 Hour HeliCard Purchase Price: \$161,250. After each trip, we deduct the combination of actual, occupied flight time in .1 minute increments and a .2 add-on. And we charge operations fees and taxes (7.5% FET, \$4.00/passenger DST) to your on-file credit card.

Potential surcharges:

- * .3 peak day premium on 30 annual peak days (see the 2016 Peak Days in the attached agreement)
- * .2 Sikorsky premium. Our service guarantees availability on our Bell 430 (4 in our fleet) and Sikorsky S76 (4 in our fleet) helicopters. On occasions when a client specifies the Sikorsky S76 for a particular trip (client needs more seats as we have a few S76s with seating for 8 passengers), there is a .2 Sikorsky premium.

To start flying as a HeliCard client, we would just need the signed agreement and wire. Thanks very much,
Sincerely,

Ed
