I ran away from a boring black tie bday and was dressed like a princess when I met Tamim (didn't know about the dinner or that he would be there. Most ppl at the dinner had no idea who he was, I googled)

he keeps texting and wants to meet in paris! Did all the food tricks. Also we were the only ppl not drinking. He loves tennis and used to play. I think I did well...

He didn't know Pinto, but his Dad did
