Subject: Wolfram Summer Programs registration open

Wolfram Summer Programs for Science, Technology & Innovation are now accepting registrations!

Wolfram Summer School is a unique educational and career opportunity to learn and do projects at the frontiers of science, technology, and innovation. Learn hands-on how to apply Wolfram's unique approach to creating ideas and turning them into research, products, and companies. A new track has been added for educators this year! This program will be held from June 19 to July 8 at Bentley University near Boston, Massachusetts.

For more information and to apply, please visit:
<http://education.wolfram.com/summer/school>

Wolfram High School Summer Camp is a project-oriented camp for high-school students, introducing them to cutting-edge programming, computational thinking, and innovative technology.

The camp is a unique opportunity for entrepreneurial and STEM-minded high-school students to learn how to develop and explore science and technology. This program will be held from June 26 to July 8 at Bentley University near Boston, Massachusetts. Students must be age 17 or younger on July 8, 2016, to be eligible.

For more information and to apply, please visit:
<http://education.wolfram.com/summer/camp>

For details, please visit the FAQ pages or contact us at summer@wolfram.com.
