Larry,

Attached please find the executable version of the AP for the Gulfstream G550 s/n 5173 reflecting the changes discussed. We have also attached a redline copy to highlight those last few changes. As a reminder, please note when sending for execution that there is a space in Section 2.5 for initialing. We look forward to hearing from you by COB tomorrow (Thursday) with your intent to proceed or not and assuming the affirmative, getting the contract signed this weekend. Based on getting this signed, it is Chevron's intent to fly the airplane to Westfield for the prebuy next Tuesday and do the test flight upon arrival and all meeting at Gulfstream. Thanks. Josh
