Hi Jeffrey,

I'm in the process of finishing these =rawings (attached), by this afternoon, (right now here is 2:03 AM) I will include location and zones descriptions,

I thought you received my email, attached =elow?

We can have a conference call by tomorrow night, = can describe them more in detail the basic sketch up (in green with the contours) the =lack and white aerial perspective base on this sketch up, overall Island =lan)

Regards

Hi Jeffrey, I'm working right now, on the overall master plan and a black and white aerial perspective, from the north side of the island (looking as far as we can)

This overall aerial perspective together with the master plan zones will describe all the components of your Island house

Thanks for your comments

Hi Jeffrey

Here are two new renderings Black and =hite for your review and comments

After the front page

The first =mages is a sketch up a software that we use to scale the volumes of the =ouse with reference to the contours

The second is an aerial black and =hite

The third =s the same but with a green color (wash) to help differentiate =he house from the landscape

The fourth is a black and white =erspective rendering with a view that is looking from the beach

The fifth =s the same drawings that we sent you before and that we are using to =veloped the renderings (or your reference only)

Still =waiting for any of your comments or concerns

Regards
