Greetings L,

Extensive =evastation. The hospital suffered major roof damage, they had to =vacuate patients to alternate spots in the height of the =storm.

One of the fire stations collapsed, injuring 2 =iremen.

The number of fatalities in the Caribbean so far =s 8. Not sure if any of those are on STT.

My husband =ust walked our neighborhood. No electrical poles are standing =except the one in our front yard, and it is leaning.

I have not heard from anyone from the STC since yesterday =orning.

Lots of flooding downtown from videos we saw on =he internet.
