As you suspected nuclear was a false positive. I met with Doctor shimony who=examined me and then performed an echo. He did not seemed worried at all an= then sent me to Doctor Hecht for a ct angiogram which showed a small amoun= of plaque but not enough to be concerned about. I will begin Lipitor and b=by aspirin. I was cleared to resume activities and obviously no angiogram n=cessary. Thank you so much for putting me in touch with such incredible doc=ors. Doctor shimony is a real special man and gave us first class treatment=
