Hopefully dead. I'm still having skin issues, but not as bad. My hair is she=ding like crazy and my period started when I still had two pills to take fo= the 2nd month in a row which has never happened before..typically starts 3=days after taking last pill, so that's a bit strange. Met with a doctor, Go=don Saxe, in San Diego who gave me a diet to follow and have been trying to=do that to see if it helps. Trying to completely cut out processed sugar an= refined carbs, etc. We shall see.
