Material, 2214 square feet @ =4.53 per = \$10,029.42 rip, disposal and double skim. =nbsp; \$5405.50

Subtotal. \$15,434.92

Tax. =nbsp; \$1369.84

Total. =nbsp; \$16,804.77

I may want an installer to walk the =ob at some point just to verify my layout. Laying on diagonal is very =ricky, but the overall footage should not change much.

Thanks =gain for the chance to quote this work, and we hope to hear from you =oon to get started on doing a beautiful job!
