Dear Jeffrey,
=span style="font-size:12.8px">

A belated yet passionate note to thank you for your generous gift.
I hope you will=do me the honor of inviting you to the lab to check out our new work which=you will have inspired -- we must -- when the snow melts and the Spring sp=ings.

Your wit and your aura have filled Joi's suite with a rare presence that is almost impossible to replace. That is to say, I hope to see you again soon, either at MIT or in NY.

Yours with gratitude,

Neri
