Jeffrey, I think it would be inhumane for me to be taking the cats on a =ommercial flight to the island, unless it was an emergency. I did it =nce when blueberry was smaller, and remember how tough it was. Now they =oth are big and can barely move in the small airline approved carrier, =ecause of the restricted carrier size. And it would be 7-8 hours of =ravel including the boat in a heat. I just can't torture them =ime that, it breaks my heart... Is there any chance you might =ome back to NY? If not, I have to think of who to leave them with...=?xml version=.0" encoding=TF-8"?>
