Sneaky I am happy that I can come to see you and help !=C2💎. I told peter that I work part-time as an assistant for the interior designer. What are closest states that easier fly from perto Ric= ? I could say my boss is booked me a fly to that state for work ? Which i= true but I don't think he will believe if I say I am flying to Virgin=island to work . Lol

To Make it realistic I could ask [REDACTED] to =ake a reservation ( fake ticket ) and then cancel as soon as I have it on =y email that I could show him in case ... Let Me know what you think=C2💎
