Hey sorry for delay. Haven't had a moment to work on this. Weekend in Chicago hectic and now just landed in London. But I will!

Paris is just horrific. I can't believe it.

I know this unorthodox, but I don't think I should come in and talk to folks unless I have a better sense of what the economics would be. In other words, as we discussed, I would only leave Latham if it were a sufficiently different deal and different opportunity. So I wouldn't want to come in and talk to folks with its attendant leak risk etc. if at the end of the day it isn't worth to switch firms.
