given recent news the attached might be useful to you. This is a very =ery early draft so you need to take it with a grain of salt and it's =lso intended for non-technical people, but again ..it's good enough as = starter.

Also maybe it would be a good idea to have a phone call/in person =eeting at some point.

Given that the doc is a draft and also that we don't really know what we =ant to do with it, please don't share it.

Hope it helps,
V
