Subject:	Thank you note

Jeffrey, I'm resending my thank you note to you directly.

Thank you for taking your time to read the proposal, meeting with me and financial contribution.

I enjoyed our conversation and I found your personality very refreshing. You are different from most people that I know: you have a strong, focused and clear mind. You funny an attentive listener. I admire people who create a life that they want.

Few points that I'm taking from the meeting:
1. Get qualified person to proof read important documents.
2. Paraphrase sentences that have "don't", "can't" and "but" to something with positive connotation.
3. Watch out for articles"a/an/the" (though one).
4. Simply say "Thank you".
5. Enjoy my life and empower others.

Thank you,
████
