There are fabrics that are made to conceal speakers that I am confident we c=n dye to match the end arms.

Although we would obviously love to do the woodwork in your G550, if ti=ing is such and that you will really save 8 weeks, then so be it. &nb=p;I will not charge you a mark up on the veneer and I am happy to work with=Gulfstream so that they source it direct.

Best regards,

Eric

do we have a fabric that is good for speakers that we can put on the side of the divan and open the cabinet. so stereo speaker are inside? ? we need to finalize the back cushions shape and foamed as well as remove the fur close out and replace with the same fabric as the divan. . we can design the new arms from scratch. ? height shape foam. .

2 eric , the plane is at gulfstream getting paint and internet. . can you guys sell us the veneer , at a profit and i can have them put it in? save me 8 weeks. yes and i have the better color sense than them.
