He is a friend of a friend. He is having a concierge health care company serving the silicon Valley's elite (if anyone has a serious health care problem – it goes through his services). From Peter Thiel to Google guys.

I told him about the fund 2 weeks ago.

How to say yes and yet sound exclusive ;)

Boris,

Are you interested in another \$50MM+ for your new fund. I have a very interesting investor.

Let me know.
